Brand Foundations

Brand essence

SonAff Sarees positions itself as a premium heritage label with a modern editorial sensibility. The brand celebrates India's woven traditions without feeling old-fashioned or overly ceremonial.

Identity pillars

- **Heritage authenticity**
Regional saree traditions and master weavers are central to the story.
- **Modern grace**
Brand language feels polished, minimal, and editorial rather than crowded.
- **Lifestyle intimacy**
Sarees are pieces to be worn in real life, not only saved for occasion.
- **Curated luxury**
Materials, imagery, and typography create a premium but approachable tone.

Voice and tone

- Elegant, warm, and rooted in craft
- Avoids loud sales language
- Uses heritage-led phrases: woven heritage, master weavers,
- Feels intimate, proud, and culturally fluent

Where Tradition Meets Grace

The Living Heritage Collection

Crafted to be worn, loved and lived in.

Logo System

Primary logo

The logo combines a feminine silhouette, ornamental floral elements, and the SonAff wordmark. It conveys craftsmanship, celebration, and premium cultural identity in a single mark.

Usage guidance

- Use on light backgrounds whenever possible.
- Preserve generous clear space around the mark.
- Do not stretch, recolor, outline, or add effects.
- Prefer the supplied white logo file for dark-header applications.

Recommended placements

- Header and footer lockups
- Brand cover slides and packaging
- Social profile and watermark use

Do not:

- Place over busy imagery without a dark overlay
- Use low-resolution versions on large formats

Color Palette

The palette is intentionally warm and restrained:

Cream

and framing

Color hierarchy

- Creams set the background and keep the brand airy.
- Charcoal anchors text, navigation, and structural elements.
- Gold and heritage red carry the premium decorative accent.

Typography and Assets

Typography

Playfair Display

Used for headlines, editorial emphasis, and poetic brand lines.

Inter

Used for body copy, UI labels, and product information.

Montserrat

Used for navigation, buttons, and uppercase utility text.

Asset styles used

- Lifestyle photography with warm, architectural settings
- Close-up textile detail and rich brocade surfaces
- Full-bleed hero imagery with dark editorial overlays
- Regional product references: Banarasi, Kanjivaram, Chanderi,
- Ornamental floral motifs and symmetrical framing

Photography direction

Images should feel warm, composed, and culturally resonant. Prefer natural drape, artisan detail, premium fabrics, and architectural or heritage backdrops.

Asset treatment

- Keep product imagery clean and high-resolution
- Use soft overlays or tonal cards when text sits over images
- Avoid cluttered backgrounds and overly saturated filters

Brand summary

SonAff Sarees feels like a premium cultural brand that balances heritage authenticity with contemporary restraint.

Best described as: accessible luxury with a heritage soul.
